Highlights

80% energy saving

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Decorative trims
The decorative wood elements are not only child safe but they add to the fun and whimsy of this fixture.

Designed for children's rooms
Philips Kidsplace goes a long way to helping little ones feel cozy in the comfort of their own room. Friendly characters encourage children to play and explore, by the kind light of this reassuring luminaire.

Made for energy-saving bulbs
This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

store your favorite colors

Store your 2 favorite colors for easy recall with the favorites buttons on the remote control. Just select the color you like to store and hold one of the two favorites buttons to store it.
